

## OTTAWA SAYS HE MUST HANG

H. H. Robertson, Oscar King's  
Lawyer, Received Word to  
That Effect Today

ASK LIEUT. GOVERNOR

He May Be Required to Give  
Formal Order to Sheriff  
to Proceed

There is absolutely no doubt now  
that Oscar Wm. King will hang. This  
morning Mr. H. H. Robertson, King's  
counsel, received an answer to his  
letter to the authorities at Ottawa ask-  
ing for the commutation of the sen-  
tence. It stated that the sentence of  
death would not be changed.

It is now remains to be done  
is to obtain the letter from Ottawa  
stating that there will be no inter-  
ference in the execution. This the  
authorities do not seem to think is neces-  
sary.

In official circles it is thought that  
the Lieutenant-Governor will be asked to  
command Sheriff Robertson to pro-  
ceed with the sentence. This is not  
a usual action to take, as should an  
order-in-council have arrived the mat-  
ter would not have come before the  
Lieut.-Governor at all.

Yesterday Sheriff Robertson and  
Superintendent Cuthbert of the R. N.  
W. M. P. automobile drove to Cook-  
ing Lake, to see Mr. Justice Scott, and  
this morning Major Goshen  
announced to the Capital that there  
were no new developments in the case  
and that they were still waiting for  
word from Ottawa, which he said he  
thought must be on the way by now.

## FORM GIGANTIC STEEL COMPANY?

Movement Said to Be On Foot to  
Amalgamate All the Steel  
Concerns in Canada

Hamilton, Ont., July 27.—It was  
stated here yesterday by a man closely  
identified with the recently organ-  
ized Steel Corporation of Canada  
which is capitalized at \$25,000,000, that  
a movement is on foot for the merger  
of all the steel companies of Canada  
into one gigantic company, and that  
he refused to give any particulars  
of what is going on, but said the new  
concern would likely take the name  
"Dominion Steel Corporation," and  
would include the steel corporations of  
Canada, the Clergue Mills at Saint  
Ste. Marie, the Dominion Steel Cor-  
poration and the Nova Scotia Steel  
Company.

## OPENS POWDER TIN WITH AXE—10 DEAD

Man On National Transconti-  
ental Line in Quebec Caused  
Fatal Explosion

Quebec, July 27.—Ten men were  
killed by explosion of dynamite yester-  
day at Donorcan and Downie's camp  
on the national transcontinental rail-  
way construction line, 126 miles west  
of Lacrosse. A man attempted to  
open a tin of powder with an axe when  
the explosion occurred, leading  
to the explosion of a second quantity  
of dynamite near which fifteen men  
were working. Two men were instan-  
tly killed and eight others subsequent-  
ly died in the camp hospital.

## BULLET WOUND FATAL

Former Chief of Police Succumbs to  
Wound Caused by Burglar

Terre Haute, Ind., July 27.—George  
M. Lints, former chief of police, is  
dead from a bullet wound inflicted by  
a burglar early Monday. William Mc-  
Gowan, a negro, charged with having  
shot Lints, is being guarded by the  
police in the jail because of rumors  
that an attempt would be made to  
lynch him.

Handsome new styles in fancy  
hosiery at Kelly & Moore's.

Marriage Licenses—Jackson Bros.

## TENDERS CALLED FOR CANADIAN WARSHIP

Will Be of the Bristol Type—B.C.  
Firm Will Tender on the  
Work

Victoria, B. C., July 27.—Tenders  
were invited here to-day for the con-  
struction of the first Canadian war-  
ship, a cruiser of the Bristol type.  
The British Columbian Marine Rail-  
way Company has announced its de-  
termination to tender for the con-  
struction of the vessels.

## BRYAN DEPOSED BY CONVENTION

William Jennings No Longer  
Leader of the Nebraska  
Democrats

Grand Island, Neb., July 27.—Amid  
a tumult of emotion from the former  
followers of William Jennings Bryan,  
Permanent Chairman Smith of the  
Democratic platform convention, yester-  
day read the result of a test vote  
of the gathering, practically taking  
from Mr. Bryan the Democratic lead-  
ership of Nebraska, which he has  
maintained for twenty years.

## SUNSTRUCK MAN FROZEN TO DEATH

Florence, N. J., July 27.—Frozen  
to death in July with the thermometer  
around the 100-degree mark was the  
fate of a young Romanian known as  
Paolo, who boarded with a family of  
aliens on Third Street, Florence.  
Paolo, who was employed in the  
Florence Ice Foundry, succumbed to  
the heat last Saturday and today  
was found by a physician at the scene.  
A physician advised those at the  
house to place ice on the man's  
head, as he did not consider the case  
serious.

Ignorance of the cause for such a  
patient's death being placed on a  
piece of ice on the man's chest, back of  
his neck and on his legs. Alarmed over  
his condition, the occupants of the  
house yesterday called in an Amer-  
ican neighbor, who saw the man had  
been dead some time. Doctor Baird  
said that too much ice had so chilled  
his blood as to cause his death.

No one was held responsible for the  
death. Paolo had only been in this  
country a few months, and had no  
known relatives. He was buried yester-  
day in Potter's Field.

## MORSE, SASK. FIRE SWEEP

Saskatchewan Town Had Thirty  
Thousand Dollar Fire

Herbert, Sask., July 27.—A disas-  
trous fire swept over the eastern por-  
tion of Morse, Sask., on Monday night  
and totally destroyed the Hotel Elkhorn,  
Stephen's grocery stable, the  
Canadian Bank of Commerce, the Im-  
perial Lumber Office, and barber shop  
and two restaurants. The loss is es-  
timated at \$30,000, partially covered  
by insurance.

## NEED "GALA RAGS" AT THE LANDING?

Some Members of Cornwall Party  
Alarmed When They Heard  
of Arch of Welcome

At eight o'clock this morning the  
sixteen journalists composing the  
Cornwall express excursion into the  
Peace River, left the city on their  
long journey to explore the northern  
country, being accorded a hearty send-  
off by the spectators present. The  
party left on the Athabasca Landing  
stage for the Landing, and on their  
arrival there will be accorded an en-  
thusiastic welcome, a triumphal arch  
having been erected at the entrance  
to the village.

When Mr. Hough heard of the  
fact he was quite undecided as to  
whether he would take some "gala  
rags" along with him. The party  
dressed for their trip yesterday after-  
noon, having made arrangements with  
the Alberta Hotel to leave their val-  
lids, garb in a special room set  
apart for the purpose.

Diamonds—Jackson Bros.

## ENGLISH PRESS MUCH AROUSED

Liberal Papers Pleased With Lau-  
rier's Reference to England's  
Trade Policy

BEEN MISREPRESENTED

Daily News Thinks It Shows Re-  
formers Have Distorted  
Canada's Attitude

London, July 27.—Laurel's speech  
at Langan, Sask., wherein he alluded  
to England's trade policy as a shining  
example, is referred to editorially  
with much appreciation by the Lib-  
eral press. The Daily News thinks  
it indicates how grossly the tariff re-  
formers here misrepresent the attitude  
of Canada and the rulers toward free  
trade and protection and hopes, with  
some confidence, that the reformers  
will drop this, the not least of their  
fictions.

The Leader says: "Now we know  
how the 'Colleenbawn' appears to the  
eyes of one of our greatest col-  
onial statesmen."

The Chronicle also points to the  
same moral. The Morning Post says  
that free trade papers and ministers  
are endeavoring to exploit the  
heckling of Laurier on fiscal topics in  
the far West, but better he careful  
not to indulge in premature jubila-  
tion, for when his utterances at Bran-  
don and Langan are compared, they  
come to nothing but the fact that  
Laurier, whose language and meth-  
ods are eminently Gladstonian, is  
playing the usual Liberal Canadian  
game of trying to balance act against  
the west in order to secure the  
votes of both for a continuance of  
the present system.

The Post alleges that the free trad-  
ers of this country are apparently be-  
ing used by American financial inter-  
ests to encourage Canada to throw  
itself into the commercial arms of  
the United States and remarks that  
the political crime of the character  
of the speech is not that it is a theo-  
retic enthusiasm but economic ig-  
norance.

## WHEAT HARVESTS START NEXT WEEK

Tofield District Will Have Bind-  
ers at Work Soon—Struck  
Gas at Tofield

(Special to The Capital).  
Tofield, July 27.—What may prove  
of great importance and benefit to  
Tofield commercially and industrially  
was discovered this afternoon, when  
natural gas was struck by Kenneth  
Bros. who are drilling a well for  
water. Gas was struck at a depth of  
two hundred feet. It blew the water  
high way up the derrick which pre-  
vents the water used for drilling from  
going down to the bottom of the well.  
The flow is getting stronger and  
drillers are going down further to  
see if the supply is larger.

## Harvesting Next Week

Harvesting wheat commences next  
week in all sections of the Tofield  
district. Fall wheat is exceptionally  
good. Spring wheat is good, and  
winter sown oats and barley will yield  
well.

Two large coal companies, the Do-  
bell Coal Company, Limited, and the  
Tofield Coal Company, Limited, are  
preparing to spend thousands of dol-  
lars in the opening of their coal  
mines.

## MEN SHOOT AND KILL EACH OTHER

Little Rock, Ark., July 27.—B. V.  
Barger, of Memphis, Tennessee, was  
shot and mortally wounded here last  
night by C. M. Gaynon, who in turn  
was killed by Barger. Mrs. Gaynon  
declares that Barger was attempting  
to crawl through a window of her  
house when her husband fired.

The tragedy is said to be the cul-  
mination of an enmity of twenty  
years standing. A score of years ago  
Mrs. Gaynon secured a divorce from  
Gaynon, and married Barger. Within  
a year, however, she was granted an  
order divorce and remarried her for-  
mer husband. Barger, Mrs. Gaynon  
said, is her half brother.

## LET'S JOIN FORCES

The Dominion Census will be  
taken next June. Why should not  
Edmonton and Strathcona be-  
come one city of forty or fifty  
thousand, instead of remaining  
two small cities? Many prominent  
citizens of the two towns think  
amalgamation would be the best  
possible move. What do you think?

Commissioner Butchart stated to  
The Capital that civic union was a  
thing that was bound to transpire.  
"But," he said, "it is a question  
whether it is up to Strathcona to take  
the initiative or Edmonton. You see  
we made advances to them last year,  
but they would not consider it. Some  
citizens of Strathcona did not think  
the time was ripe for union, and it is  
a thing to be seen whether they think  
so now. Amalgamation is something,  
not a matter of weeks, but of some  
time. There are so many things that  
would require threshing out. It  
would, at any rate, be of mutual ben-  
efit."

## Doesn't Like the Idea

Mr. O. Bush, when approached on  
the subject of the union of the cities  
said that he was very much against  
the proposition. Mr. Bush, who is a  
member of the Strathcona city coun-  
cil, said that Strathcona had every-  
thing to lose and nothing to gain. The  
city was well able to control her own  
affairs, it owns its own power, water  
and sewerage system, etc., and has  
some prestige as a separate city. Mr.  
Bush said that he could not see where  
Strathcona would gain—it would sim-  
ply become a suburb of Edmonton.

## ATHLETIC MEET AFTER THE FAIR

Exhibition Association Will Hold  
Field Day on the Saturday  
Following the Fair

At a meeting held last evening it  
was decided to hold an athletic meet  
under the auspices of the Edmonton  
Athletic Association on the Satur-  
day following the Exhibition week.  
The meet will be managed by a joint  
committee of the Police A.A. and the  
Caledonians, consisting of Chief Lan-  
cey, J. McCallum and J. English for  
the Police and McCallum, J. W.  
Heron and Henry Wilson for the Cal-  
edonians, and Secretary-Treasurer  
Mat Cowan and Treasurer Constable  
Charles.

## Exhibition to Give Prizes

The sports will be under the rule  
of the C. A. A. U. and the prizes will  
be presented by the Edmonton Ex-  
hibition Association. The following is  
the list of events:  
100-yard dash (Deacon White's Cup)  
220-yard dash (3 prizes).  
440-yard dash (3 prizes).  
One mile (3 prizes).  
Five miles (3 prizes).  
100-yard junior dash (2 prizes).  
Half mile relay (2 prizes).  
Obstacle race (2 prizes).  
Three-mile walk (2 prizes).  
Running high jump (2 prizes).  
Running broad jump (2 prizes).  
Pole vault (2 prizes).  
Putting 16-lb. shot (2 prizes).  
Throwing 16-lb. hammer (2 prizes).  
Throwing 56-lb. weight (2 prizes).  
Throwing discus (2 prizes).  
Tossing caber (2 prizes).  
Dancing competition (Highland  
fling), 1 prize.  
Bagpipe competition (1 prize).  
Tug-of-war for Jackson shield (8  
prizes).

## Some Events Not Fixed

There are several events which have  
not yet been decided upon which will  
be competed for by the members of  
the Police Association.  
The Deacons, Caledonians and Jack-  
son Shield are trophies of the Caledonian  
Society; presenter of the cup being  
F. S. Parney and the Shield the  
Edmonton P. C. A. A. A.

## NOTHING IN IT

Berlin, July 27.—It is officially  
denied today that a mutiny growing out  
of dissatisfaction with the mess had  
occurred on the German armored  
cruiser Bluecher, during the cruise  
to Norway, which was reported in a  
despatch from Kiel.

Silver Tea Sets—Jackson Bros.

## STEEL REACHED EDSON YESTERDAY

At 5.30 last night the steel reached  
Edson on the Grand Trunk Pacific  
Railway.

Mr. Reddard, assistant engineer  
with the G.T.P., reached town early  
this morning from the Yellowhead  
Pass, and reached Edson, which is  
about 7 miles beyond the McLeod  
River, just in time to see the arrival  
of the track laying machine.

## Work Progressing Fast

The work out west is going ahead  
as fast as possible, Mr. Reddard  
states, but labour is very scarce and  
contractors are crying out for men.  
The G.T.P. have an agent in Cal-  
gary who is engaged in getting men  
and sending them to Edmonton, but  
when they arrive here they miracu-  
lously disappear, or in other words  
the demand for labor is so great that  
very few find their way on to the  
grade of the G.T.P.

It is confidently expected that the  
steel will reach Prairie Creek this  
fall, and Mr. Reddard says that every-  
thing looks as if the expectations will  
be fulfilled.

## DOWN GO STOCKS ON N. Y. EXCHANGE

Big Slump Yesterday Because Fi-  
nancial Powers Would not  
Support Market

New York, July 27.—While power-  
ful banking and financial interests  
struggled to support the market, the  
stocks tumbled sensationally on the  
New York stock exchange yesterday.  
Although there was a rally during the  
final hour, the close was weak and  
unsettled.

The sales totaled 1,279,330 shares  
and only 36 issues of the 146 in which  
trades were recorded, failed to break  
their lowest records of the year. In  
the absence of any specific cause for  
the slump the explanation lies in  
the belief that the financial powers  
agreed that the situation required a  
drastic plugging. Sales were made in  
consequence at severe sacrifices.

## MASSACHUSETTS WON FIRST TRIAL

Canadian Challenger Disabled in  
Yesterday's Race for Sea-  
wanahaka Cup

Manchester, Mass., July 27.—Sailing  
against a disabled challenger, the  
Massachusetts, which is defending  
the Seawanhaka Cup for the Man-  
chester Yacht Club, defeated the St.  
Lawrence of the Royal St. Lawrence  
Yacht Club over a triangular course  
yesterday by a minutes 48 seconds.  
The yachts were having a close and  
interesting race when the lake rose  
on the gaff of the St. Lawrence began  
to give way. The end of the line con-  
tinued to slip through the eyes of the  
everybody the challenger went about,  
until on the third round of the tri-  
angle, the top of the sail was held  
only by mousings, yet even with this  
handicap, the St. Lawrence held on  
to the Massachusetts, and gained  
on some of the legs, with the result  
that the future races are much in  
doubt, in spite of the margin at the  
finish. The yachts will sail a twelve  
mile windward and leeward race to-  
day and in view of the fact that the  
St. Lawrence seems a trifle better off  
the wind, the Canadians are not dis-  
couraged, considering the handicap of  
yesterday.

## TO INSPECT FIRE PROTECTIONS.

Ottawa, July 26.—E. F. Drake, of  
the Forestry Department, left to-  
night for the Northwest to inspect  
the fire protection of the department  
in the way of fire protection  
of forest reserves.

## ZINGARIS LEADING

London, July 27.—At the close of  
the first day's play, Canadian Zin-  
garis had one hundred and eighty runs  
in their first innings and the South  
African eleven had 95 runs in their first  
innings. Rathburn got six wickets  
for 36 runs, and Gibson four wickets  
for 56 runs.

## R. T. TELFORD ISSUES WRIT AGAINST CALGARY HERALD RESULT OF A. & G. W. DISPUTE

(Special for The Capital.)

Calgary, Alta., July 27.—An after-  
math of the newspaper controversy  
between the Alberta and Great Water-  
ways Railway was brought to light  
this morning when R. T. Telford,  
member for the constituency of Leduc,  
reached the city and announced that  
he was there to issue a writ against  
the Herald newspaper here for \$10,000  
damages for libel.

## Alleged Libel

The alleged libel is contained in  
an editorial of 24th headed: "The  
Piper Wants Hiss" in which the sen-  
tence, "the unbiased convictions of  
the honorable member for Ponoka  
will be reinforced by another \$500 if  
necessary, all this to prove that every-  
thing is fine and dandy along the  
waterways," is used. As Dr. Camp-  
bell is member for Ponoka, the paper  
made a correction on 26th, in  
which they said "Leduc should have  
been used instead of Ponoka. Those  
who know the member for Ponoka  
are perfectly aware that his opinions  
do not have to be reinforced."

## Will Push the Case

Telford states that the article is  
a malicious attempt to give the idea  
that he received a bribe of \$500 for  
his vote in the legislature and that he  
will see it through to the end.  
The case will not likely come to  
trial before September next.

## OVERDOSE OF MORPHINE CAUSED DOCTOR'S DEATH

Was Found Unconscious in Bush  
Near His Summer Home  
Near Bridgeport

Bridgeport, Conn., July 27.—Dr.  
Frederick C. Graves, one of the prom-  
inent physicians of this city, is dead  
in a private hospital here from an over-  
dose of morphine, taken at his sum-  
mer home at Laurel Beach.

Graves was found unconscious  
in a bush near his home and efforts  
were made to restore him to con-  
sciousness but without result. How  
the physician came to take an over-  
dose is not known. He was 45 years  
of age and married.

## WAITING FOR ANSWER.

Commissioners Have Not Yet Re-  
ceived Detailed Offer From Power  
Company.

The city commissioners have been  
waiting for a detailed proposition  
from the Edmonton Light and Power  
Company in regard to the power  
question, before they could complete  
their report on the matter, as asked  
by council. The proposition, how-  
ever, will likely be received by the  
commissioners in time for a discus-  
sion at the next meeting of the council.

## TO EXAMINE QUESTION OF FINANCIAL AGENCY

Mr. Butchart Will Investigate  
Matter On His Trip  
East

Commissioner Butchart expects to  
leave to-morrow night by the C.N.R.  
for the east where he will spend his  
six weeks holiday. While he is away  
Mr. Butchart will visit Winnipeg,  
Toronto and Montreal, and will in-  
vestigate financial matters and likely  
make a report on his return in re-  
gard to the appointment of a fiscal  
agent in the east. Mr. Butchart will  
also attend the meeting of the Union  
of Canadian Municipalities which will  
hold its sessions in Toronto.

## GRUESOME FIND CLEARS MYSTERY

Tourist Party Found Remains of  
Young Man Lost Two  
Years Ago

San Francisco, Cal., July 27.—Mem-  
bers of the Sierra Club returning from  
King's river canyon in Fresno county,  
bring news of the finding at a spot 23  
miles from Kawwey's cabin, bones,  
locks of hair, a watch, notebook and  
clothing, identified as belonging to  
Kenneth Archibald, formerly of Bos-  
ton, and a small tin with the name  
Kenneth Archibald scratched upon it.  
Archibald was lost in the mountains  
in 1908. He was the son of the Rev.  
Andrew Archibald, a Boston clergy-  
man, and left a \$75,000 estate. Al-  
though Archibald was placed un-  
der the young man's trial and all other  
efforts used to solve the mystery, his  
fate has been a mystery for more than  
two years.

## Marriage Licenses—Jackson Bros.

The men who wear our suit shirts,  
will wear the best shirt made for the  
money. Kelly & Moore.

## KITCHENER FOR CHINA?

London Daily Mail Says He Has  
Received Offer to Develop  
China's Army

MAY SET HIS OWN PRICE

Paper is Exploiting English Gov-  
ernment's Non-employment  
of Kitchener

London, July 26.—The Daily Mail,  
which is exploiting the fact that  
Lord Kitchener's non-employment by  
the Government, publishes under the  
date of Pekin, July 18, a story that  
China is inviting him to organize and  
develop the Chinese army on his own  
terms.

The determination to build up  
an army is now uppermost in the mind  
of China's ruler, and any emolu-  
ment that Lord Kitchener may name  
will be thought cheap for his services.

Fort William, July 27.—Just as she  
was on the point of being saved by  
a long struggle for her life in Lake  
Chapleau east of here, Miss Elma Ed-  
wards, a trained nurse, lost her hold  
on a canoe and was drowned.

Miss Edwards was canoeing with  
E. A. Allen, a railway man, and the ac-  
cident occurred when she tried to  
change her seat. Although the fran-  
tic girl tore Allen's shirt and the  
shreds, he managed to get her par-  
tially on top of the canoe and started  
to propel it to shore. The girl's wid-  
owed mother lives at Chapleau.

**COUNCIL HUFFY;  
SITS ON COMM'S****Aldermen Wrathly and Overrule  
Commissioners in Pipe  
Contract**

Edmonton Concrete Company awarded full contract with extended time for delivery.

Additions to car barns authorized.

Decided to inaugurate water distribution service in outlying portions of city.

Morning on which Sir Wilfrid Laurier is here to be constituted a half holiday.

The dispute between the Edmonton Concrete Company and the city commissioners over a contract for supplying to the city of concrete pipes which at one time threatened to result in a legal action, was quietly disposed of at last night's meeting of the city council when on a motion of Ald. Lundy, seconded by Ald. Miller, it was decided that the company might go ahead and supply the same amount of concrete pipe according to the specifications in the original tender. The decision followed a short debate on the commissioners' report on the subject. As has been published before the report contained no recommendations or suggestions; merely a statement of the facts as the commissioners found them. After all the

only point which might give rise to criticism of the action of Commissioner Butchart was in the fact that he never reported the matter to the council, which body could have done nothing more than to instruct the commissioners to do what Commissioner Butchart carried out on his own responsibility; and that was to order pipe from another company as the city required it to carry on its work. When the circumstances of the deal were made known in a clear way, Ald. Gariepy hastened to the defence of the commissioners, and al-

though he did not overlook Commissioner Butchart's neglect of the usual formality, he at least extenuated it.

It was stated in a supplementary report made by the commissioners on the subject, that owing to the failure of the council to meet on the 19th inst., a conference was held between the commissioners and representatives of the Edmonton Concrete Company at which the company was asked to sign a contract for the full amount of their original tender less the amount of material which Commissioner Butchart found it necessary to order from another concern in order to carry on the city's work. This proposition, however, did not meet with the approval of the company's representatives, who desired a contract for the entire tender, and the delivery should be extended to the end of the season of 1911, the city being empowered to demand pipe as it was required.

It was shown that the amount which Commissioner Butchart ordered from the Standard Heating and Plumbing Company was less than one fifth of the original tender. "There is nothing to be gained," said Ald. Gariepy, in his defence of the commissioners, "by slipping them over such a small matter as this. I uphold them notwithstanding the consequences. I can't understand why the Edmonton Concrete Company, if they really desired the contract and were anxious to begin the filling of the order, kept quiet from April until July, without making enquiries as to the delay in having the contract signed up. If they were so anxious they would have seen one of the aldermen about the matter."

"If there had been any radical injustice done the company I would be one of the first to volunteer assistance, but when the matter first came up in council I thought the commissioners were to blame because the aldermen who made speeches on the subject seemed so convinced. "I think that the commissioners, but for the fact that they did not report the affair to the council, carried on the business in a proper manner

and I will support them. I can't see any reason for an attack upon the commissioners."

Ald. Lundy thought that the commissioners should have made arrangements for the signing up of the contract directly after it was awarded by council, and then it would have been up to the company to decide whether they were in a position to fulfil it or not.

"That is where the city fell down," said Ald. Lundy, "and the point which the company take advantage of. They should be given the full contract with the extended delivery privilege."

Ald. Lundy forthwith made his motion, and it was duly seconded and passed.

The commissioners reported that the plans for the new car barn had not yet been completed and recommended that in view of the fact that the season had so far advanced so as to make it impracticable for the construction of the barn this year, that certain additions be made to the present barns, which would provide for adequate repair shop facilities, at a cost of \$5,000 or \$6,000. The addition would serve the purpose of the city until the new barn could be completed. The recommendation was adopted.

It was decided, on the recommendation of the commissioners that the city inaugurate a water distribution service in the outlying portions of the city, at present being undertaken by watermen. There has been considerable friction between the city water department and these dealers and, according to the report of the commissioners, the only way to alleviate the difficulty would be for the city to take charge.

The commissioners asked that authority be vested in them to take steps to remedy the evil which exists on the river bank south of Jasper avenue and Grierson street, caused by sliding land, the request being granted.

The council adopted the recommendation of the commissioners that the tender of the Evans Construction Company for the contract to build the wooden bridge over the ravine on Jasper avenue south of the penitentiary property be accepted. The amount was \$5,620. The tender of McHardy & Co. for the contract to erect the new fire hall on First street was also accepted. In this case the figure was \$16,680. In connection with the

tenders for the contract to make additions to the city hall it was reported by the commissioners that the lowest tender, \$6,995, exceeded the appropriations made for the work by council. The council ordered the acceptance of the lowest tender, that of A. Waters, guaranteeing the deficit.

The request of the Edmonton Baseball Club for the remission of taxes on their property for 1909 and 1910 was refused, but in lieu of it a grant of \$600 was made. The taxes aggregate \$1185.10.

The day on which Sir Wilfrid Laurier is to visit Edmonton was constituted a holiday up to one o'clock. Accounts to the amount of \$126,066.30 were ordered paid.

Commissioner Butchart was granted six weeks' leave of absence.

At the close of last night's meeting Ald. McLennan, who had been saving up his eloquence throughout the session, broke forth spontaneously, his subject matter being publicity. He advocated wholesale advertisement of this district and as a result a committee composed of the Mayor, and Alds. Lundy and McLennan were appointed to confer with the Board of Trade in the matter.

On a motion of Ald. Lundy a vote of condolence with Ald. Mould, on account of his recent bereavement, was passed and a resolution to that effect will be sent to him.

The commissioners report in connection with the proposal of the Edmonton Heat and Power Company was not submitted owing to its not being completed.

## EDMONTON WON FROM REGINA

Score Was Seven to Five; Other Games in Western Canada League

Regina, July 26.—Edmonton had the locals apparently outclassed in this evening's game but Regina braced towards the last and four runs in the eighth, on clean hitting, made the score look much more respectable.

The ability of the Eskimos to run bases at will on McIntosh helped them to many of their scores.

## UNITED AIDS CHARITY SHEILD

The final arrangements in the above competition were made last night at a meeting of the executive held in the Y.M.C.A. and the local clubs are requested to send in their applications for entrance as soon as possible so that the schedule of games can be arranged. Any amateur association football club, whether affiliated with any league or not is eligible to enter subject to the approval of the executive, provided that the headquarters of the club is within a radius of five miles of the Edmonton general post office. All players shall be registered with the secretary, Mr. W. D. Thomas, 624 Elizabeth street, on or before the second of August. The original signature of the player must be registered, and each club entering must forward their application with an entrance fee of \$5.00; the same date. No signatures will be accepted unless on the recognized form of the competition. These forms may be obtained from the secretary or from Messrs. Clegg & Clegg, Jasper avenue East. The competition will be played in rounds which will be followed for the winning teams in the first round, will follow again, and so on to the final. One game shall be decisive right through. In the case of a draw extra time may be played at the discretion of the referee, and in the case of the game still being a draw it shall be replayed.

It is requested that all the clubs in the City League will enter the competition so as to make it as interesting as possible. It is the intention of the executive that the competing clubs shall receive 25 per cent. each of the net proceeds of the games except the final so that a club will be sure of at least getting its entry fee back. The entrance fees will be devoted to purchasing medals for the winning team.

First baseman Jack Flynn of the Pirates has been playing a cracking good game since his recovery from an injured leg.

## "NEW PITCHERS," DETROIT'S CRY

Malachi Kittredge Starts for the Tall Uncol in Search of Hidden Phenoms

Detroit, July 27.—Out in the wilds of some western or southern state there may be a husky young man whose ambition is to become a baseball pitcher. He may have started climbing the ladder and awaits the knock of opportunity. If there is such a man he will probably find Malachi Kittredge on his trail.

Sometime today or tomorrow, the man who played with Anson on the old Chicago nine will leave Detroit supplied with a bunch of blank contracts supplied by President Frank Navin of the Detroit club, and when he returns it is hoped that he will bring with him signatures of men whose names will shine in the pitchers' column in the future.

When the head of the Detroit club handed Malachi a route slip, Mr. Kittredge gazed in amazement at Mr. Navin.

"Why Frank, they haven't any railroad ties out in that country. I'll have to walk nearly all the way."

"But the walking is good Malachi, and if you land the man I'm looking for, it is well worth the shoe leather," Malachi agreed that the head of the Tigers is faring in matters of that kind, and hoped that within the next three weeks he will probably become acquainted with a new American league star. So Malachi quickly took off his route slip and tucked it away with the blank contracts. He studied a railroad time table and made his final arrangements to depart.

It is understood that about a dozen men have been recommended to the club. Most of these are working in wilds similar to those in which Walter Johnson and a few others were discovered. Malachi will look them over. The Detroit club has spent much money this year trying to find a few pitchers to strengthen the Tigers. They have met with their usual tough luck in trying to land men for box duty.

"Discovered" Bush  
Kittredge should be able to locate a few. Kittredge generally does. Although it is not generally known, it was Malachi who saw and recognized the ability of the pitcher. Bush when the midwest was a member of the Dayton, O. team. He wrote Frank Navin about Bush and continued writing him. The result was that Detroit landed Bush and he is today by far the best short-stop in the league.

Change was also first "seen" by Kittredge. He told the Detroit club of Oscar's worth, and his word was as good as a recommendation as could be secured. Stange has not failed to make good all the predictions made for him by Kittredge.

Also Bescher  
Bob Bescher, the National League's fastest base runner and the Ty Cobb of that organization when it comes to circling the sacks, was at one time the property of the Detroit club. Malachi recommended him to the Tigers. But Detroit had all the outfielders he could care for, and Bescher was turned back to Dayton. Cincinnati got him from that club.

There are many, many other men whom Kittredge has turned over to the big leagues. He has rare judgment, and he does not come through with unqualified statements about the worth of players. He realizes their faults and he points them out to the big leagues.

Kittredge has just brought a new pitcher to Detroit. Earl Wilson, the new man, will probably not be pitched much this year, but he will remain on the club's pay roll. The man who brought him here has given an expert analysis of Wilson's pitching ability, and he was told enough to land Wilson a job for next season. If any man in the country is qualified to dig up new material Malachi is the man.

Summary—Two base hits, Bishop; three base hits: Hardisty, Home run: Howe. Bases on balls: off Drayton; 1; off Crabbe, 1; Struck out: by Drayton, 1; by Foster 6; by Crabbe 3. Hit by pitcher: Howe, Hartley, Double plays: Garrison to Bartley to McGill. Drayton to Garrison to McGill. McGill (unassisted.) Umpire: Garrison.

## ACCEPT CHALLENGE

As the Printers and the Bankers have secured Diamond Park for Saturday night, The Capital suggests that the game with the Journal be played on Saturday, August 6th. The conditions proposed by the Journal are quite satisfactory.

## IRISH LOSE TO WHOLESALERS

Score Was Tie in the Seventh, but Wholesalers Collected 4 in Ninth and Won Out 9-5

Before a very select attendance the Wholesalers and Irish battled nine innings last evening at Diamond Park, while the aloof select audience shivered and wished they had not panned last winter's overcoats.

Drayton and Foster were the opposing slab artists and both got away very nicely. At the end of the seventh the score was 5-5, but to the Irish down Foster was relieved by Crabbe. The Irish got a man to third in the eighth and nobody down, but the pinch hitters were frost-bitten and they remained unbroken.

In the ninth, several errors put the Irish in a bad, and the Wholesalers made four runs off one lonely hit. Fidelity was safe when Drayton's dropped oyster on Rogers' territory, clinched it; the excitement the ball fell to the ground. Davidson sacrificed but Hartley's play life No. 10. When Garri, a dropped Drayton's perfect throw to second, Percy scored on a base hit, and the Irish's single sent Layton over the pan. Howe fanned and Foster rolled due to Rogers who throw the ball at the horses and Fos, got to third, scored on Crabbe's out, short to first. Johnson flied to Bishopric. Four runs.

The Irish met with very trifling success in their half of the ninth. Bartley and Garrison flied to Blayne while Drayton after hitting safely, was thrown out, centre to third. Final score 9 to 5.

There were several bright fielding features to the game. The Irish had three double plays, one each in the second, third and fourth, which helped to keep the score down. Reid made a nice running catch in right field for the Irish, while Haynes started at short stop for the Wholesalers. McGill had seventeen put outs at first. His error was picked up when he failed to catch Roger's signal for a curved ball.

The Irish batting was credited to three players. Garrison and Drayton had a pair each, while Bishopric batted out two singles and a double. For the Wholesalers, Howe had a homer with two men on, while Hardisty knocked out a triple. Blayne was to the fore with three safeties, and Howe and Crabbe had a pair.

Umpire Garrison in the same dinky little red coat was monarch of all he surveyed. Figures cannot lie, so here's the box score:

## ALBERTA FARM NOTES

Information Gathered Here and There Throughout the Province Regarding the Progress of the Season's Operations

While the weather is causing grain prices to soar it is having the opposite effect on stock. Farmers are rushing the stock into the market partly owing to the need of revenue from grain shortage and partly because the feed problem promises to be a serious one to solve. The sale of stock is likely to increase from this on and prices will lower considerably. This will benefit the consumer somewhat as the retail price of meats is also likely to come down within a week.

M. Price of Price and Walls states that cattle are now being bought at 3½ cents a pound on the hoof and may get cheaper. Hogs are down considerably, 7½ being the price paid this week for a car load shipped to the coast. Sheep are seven cents. Mr. Price says some of the largest stock raisers are selling out completely, which is a bad thing for the country as the scarcity next spring is sure to send retail prices soaring again. It may be necessary to import stock for the local trade. The feeding proposition is the serious one and the owners of stock are not desirous of taking chances. It is said that the conditions in this district are likely to completely change as a result of the dry year and if it drives the farmer to mixed farming it will not be bad.—Clareholm Review.

In conversation with Senator Talbot on Monday on crop indications, the senator said: "I have traversed a considerable portion of the province during the past month, and in that time I have not seen anything better, in fact, nothing as good as the crops in the Lacombe District." The following represents a fair average of the outlook of the crops in our districts: the stand of fall wheat indicates from 40 to 45 bushels per acre will be realized, spring wheat has a good showing at 35 to 40 bushels, barley will go 40 to 50 bushels, while 70 to 75 bushels is a good average for oats. Hay is shorter than it was this time last year, though the showers of the past few days have given it quite a growth.—Lacombe Globe.

A four and a half acre crop of alfalfa in full bloom, 30 inches high, was cut Tuesday by E. Covey, 6 miles east of Vermilion. A fine big bunch was handed to the Standard this morning by Mr. Covey with the remark that there were no doubts as to the success of alfalfa growing around Vermilion. The same party has 80 fruit bushes laden with berries, currants of two or three varieties and gooseberries.—Vermilion Standard.

Notwithstanding the extreme hot winds of last week, there are several farmers who harvest a very good crop. George Findlay's 200 acre crop is looking splendid, the berry is filling up nicely, and he expects a large yield. Robert Findlay has 100 acres of oats which promise a very large yield. Of course, these are exceptional cases, and we must acknowledge that generally speaking, crops in this district are a failure.—High River Times.

Mr. J. W. Ings, of Rialto Ranch, was in town on Monday evening and he reports the foothill country to the north-west of this place as being in the grip of the fire fiend. Fire had broken out in some unaccountable manner, and despite the efforts of the settlers to suppress it, the flames spread over a large territory. He fears that nearly all the pasture will be destroyed unless the fire is controlled very shortly.—High River Times.

Will corn grow in Central Alberta? That question has been asked many

times over during the past, and not always answered to satisfaction. Experiments are constantly being made and year by year advancement can be seen. Last week we were shown a good sized patch on J. W. Christie's farm raised from seed grown on the farm last year. It is doing splendidly, and competent judges predict that it will ripen in fine style.—Dodge Herald.

As a proof that the crops north of the town are generally excellent, West and Holden have their office samples of spring wheat, barley and oats from the farm of Jack Hohn, section 10-33-14, seven miles north of Vegreville. All the samples are good not remarkably so, but as good as one fully headed out with large plump heads, and give promise of a fair yield. The Observer does not think for a moment that it does a district any harm in the long run to make known its demerits as well as its advantages. The facts are that this year some portions of the district adjacent and tributary to Vegreville will not prove profitable, while other parts will be fully up to the average of any so-called good year. The Vegreville district as a whole can stand the dry season and show an average crop. If every year was a good year, Paradise would have to take a back seat for the Vegreville district. But as it happens this year Paradise is still in the running.—Vegreville Observer.

A trip from Lethbridge south through Magrath and Spring Coulee and Cardston districts, and west through the Leavitt and Cardston districts, finds the winter wheat in exceptionally good condition. From Magrath west to the Belly River, there are some really fine fields of grain, and farmers in the Cardston electoral districts have no reason to be concerned about the crop prospects. Spring wheat, while looking well, is not very far advanced in growth, but a few rains will stimulate it.

One marked impression made upon the traveller through the entire country is the difference in the methods of farming. On one side of the road there will be an excellent crop, while right across from it will be a field in wretched shape. It is merely a contrast between good farming and bad farming, and it is safe to say that if good farming had been followed generally in Southern Alberta this year, there might not be so much murmuring about a crop failure.

Just beyond Pat Hule's, A. Drake has two fields of spring grain that are a revelation. They are keeping their color perfectly, and look healthy though the growth is backward on account of lack of rain. The revelation of this farm is the fact that there has been practically no rain since the seed was sown. The grain is looking healthy and green, while all around the prairie grass is as brown as a berry, and the grass shorter than it has been for a great many years.

One cannot help but become enthusiastic over the Cardston country as an ideal country for mixed farming. From Cardston west to the foothills mixed farming is the rule. Cattle and horses are seen, and from the hills the green grain meets the eye in all directions. The hay and grass are a fair crop, and are being cut. Another feature of this district is the presence on every farm of small lakes and this settles the problem of stock watering. It can truly be said that the farmers of this district have one of the finest heritages in the Canadian West.—Lethbridge Herald.

# It Is Important to the Merchant that He Should Be a Good Advertiser---

But it is also very important to His Patrons That He Should Be!

THE BUYING PUBLIC has a distinct interest in whether or not a merchant advertises. For it is an economic truth that only the merchant who advertises can afford to offer actual values--to make price-concessions that are really competitive--to do business on the smallest possible per-sale profit.

The buying public has come to know this--to know that the buyer has a direct interest in the question of whether the seller advertises. The buying public has come to know that the buyer pays the penalty of patronizing the non-progressive store, where small volume of sales makes large per-sale profits inevitable.

It has come, therefore, to be a matter of personal interest to a prospective buyer as to whether he or she is dealing with a progressive or with a non-progressive merchant. This personal interest is a purse-interest and therefore comes nearer home than the mere matter of pride in preferring to buy at a LIVE STORE.

Although that sort of pride, somewhat generally held by the people of a city, is what makes the town worth living in--worth doing business in--worth believing in!

### Contractors, Attention!

Our new electric floor surfacer smooths, sandpapers and polishes hard wood and soft wood floors, and does as much as six good men. It's still better on Terrace floors. If you want to repolish an old floor try it with the brushes that go with it and see the wonderful results. Moderate rental per day.

### THE ELECTRIC CONSTRUCTION CO.

Second street, opposite Revillon's

Phone 2914

### USE AN

### Allen Portable Bath Apparatus

If you want a thorough cleansing and shower bath with only One Gallon of water. A post-card brings it to your door.

OSCAR ROBBINS, Drawer 32, EDMONTON

## MODERN LIFE WOULD BE TOO HARD ON THE NERVES IF IT WERE NOT FOR WANT ADVERTISING!

The pace of life has become tense. Worries, disappointments, up-sets at home and office, losses, discouragements seem to multiply as daily life becomes more complex.

The property owner, who MUST have a steady income from rents or lose his property, is "racked" by the untimely defection of a tenant. Some classified advertising quickly retrieves his loss—and quiets his nerves!

The salary earner unexpectedly loses his position—and his peace of mind. The strain would shortly "break" something in his nervous system if, once more, want advertising did not find the better job—and restore to him his mental equilibrium.

In every phase of the city's life, every day, the want ads play the part of the peace-maker. They SERVE you and me at some crisis in our lives—and keep the modern pace and tension from proving too fast and tight for us.

Truly, the want ads ARE FOR SERVICE!

## HELP WANTED

**WANTED—A MAN WITH OUTFIT to break from 10 to 20 acres, about 8 miles from city. Apply 458 Thirteenth St. 6-10-21**

**WANTED—18 TEAMSTERS, 100 laborers, section men, general servants, dining room girls—in fact, all kinds of laborers at once. Shipping by every train. Logan's Agency, 648 First St.**

## HELP WANTED—Female.

## The Weather

Forecast—Manitoba and Saskatchewan—Cooler with local showers. Alberta—Comparatively cool with local showers.

Over the greater part of the prairie provinces, fine and warm weather has prevailed. In Alberta, however, it has been cool and light scattered rains have fallen.

Station.	High.	Low.	Weather.
Edmonton	62	46	Cloudy
Kamloops	78	48	Clear
Calgary	60	34	Clear
Red Deer	61	42	Cloudy
Medicine Hat	82	42	Clear
Prince Albert	78	48	Cloudy
Saskatoon	87	44	Fair
Regina	84	42	Clear
Qu'Appelle	80	50	Clear
Moose Jaw	90	58	Clear
Portage La Prairie	80	52	Clear
Winnipeg	80	52	Clear
Fort Arthur	70	52	Clear

## About Town

Rev. G. O. Davis, of California, representing the Modern Woodmen of America, will give an address in the Separate school hall this evening. The subject is, "Objects and Ideals of Woodcraft."

The reading of the papers of the recent provincial school examinations is still in progress at McKay Avenue School, and it will probably be another ten days before the result will be ready for publication. There are thirty examiners engaged in the work.

While working in St. Paul's, a young man named Rociot had his eye badly injured by a small piece of flying steel. He was removed to the General Hospital in this city, where it was found necessary to remove the optic. The operation will take place to-day.

While working with a gasoline torch, at the penitentiary, yesterday afternoon, a convict sustained serious burns about his hands. The penitentiary surgeon was summoned, and the man was taken under his care. He will be forced to lay up for some weeks.

T. Richards and G. Davidson, were charged by the officers of the 201st Fusiliers with withholding Government uniforms. The men are members of the Strathcona Band, which formerly acted as band for the regiment.

The magistrate found them guilty, and fined them \$5 each with costs. Through the kindness of Mr. and Mrs. Horner, the Woman's Missionary Auxiliary of McDougall Church, spent Tuesday afternoon and evening at their beautiful summer residence on Poplar Lake Road. The party, numbering over 50, met at the church, where Mr. Horner had tally ho's and carriages awaiting to convey them to his farm, 8 miles from the city. The drive through the country was thoroughly enjoyed by all, in spite of the threatening weather. On arriving a photograph of the group was taken on the spacious lawn. A sumptuous repast was served in Timberlost Grove, the tables being decorated with huge bouquets of Alberta's lovely wild flowers. After music and singing and a hearty vote of thanks to host and hostess, the party returned to the city, having enjoyed her outing immensely.

Nothing guessed at here, guessing may go in some lines of dress, but not in prescriptions. Edmonton Drug Co.

Jack How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one safe for me. Well, my dear, Brown has a horse's liver, and you

Two vagrants, Arthur McBean and Harry Adams, both of whom appeared capable of accomplishing more in the way of manual labor than two ordinary men, were given until tonight to get out of the town by acting magistrate Byers in the police court this morning. The police wish it known that they desire the co-operation of the public in putting a stop to the illicit begging which is going on in the city. This afternoon Ernest Fare, accused of issuing bogus checks, will be given a hearing, while an assault case in which Philip Pifer is accused of striking Jane Sheran will be heard.

Secretary Fisher of the board of trade has received a letter from Mr. Arthur Hawkes, of the Canadian Northern to the effect that Mr. Alfred Vanderhook, is organizing another party of American journalists, composed mainly of the editors of prominent agricultural publications. This party will not go into the north country as the Cornwall expedition is doing but will satisfy themselves with conditions in central Alberta. Mr. Fisher understood from another source that the party would be in Edmonton on August 6th, but Mr. Hawkes states that they will not arrive until August 13th.

The Y. M. C. A. and the Wholesalers will play a city league baseball game at 6:30 this evening. Diamond Park will be the scene of the struggle and Empire Garrison will officiate.

## BANQUET GIVEN THE DELEGATES

Undertakers of Alberta Had a Good Time Last Night—Lots of Talk and Fun

Last evening the Undertakers of Alberta, who are meeting in a convention in Edmonton this week, were given a supper by the Twin City Manufacturing Co., Limited, in the hall of the Y.M.C.A.

At 9:30 the supper began, amongst the guests being Dr. Riddell, Mr. Fisher, of the Board of Trade, Dr. Giffin, and Professor Holmstrom, of Chicago. The first toast was to the Educational System of the province, proposed by Mr. Shaver, who was in the chair, and replied to by Dr. Riddell. "If you want to throw a nation to-day hang around its neck the millstone of ignorance" was the key-note of this speech, which comprised a general outline of the educational system in the province, combined with several amusing stories, and a few words about Edmonton. "Edmonton," he said, "will be the finest city in Canada, bar none," an utterance which was greeted with loud applause.

The Professions. To answer to the toast of the Professions, there was no lawyer or preacher present, and Doctor Porin replied for them both, as well as for his own profession, in a very amusing speech.

"I think the medical profession is the best one of all," he said. "We don't preach as much as others, but we do practice, and if at times we do preach a little we are ahead of a good many preachers who don't practice what they preach."

Going on to speak of the saving of lives, he said that the undertakers would not be such a jolly lot if the doctors always saved the lives of their patients, and that the medical profession—the only profession that worked against its own interests—"We'll get our reward," he said, "but not in this world—not until we've passed through the hands of some of you gentlemen."

Speaking of the undertakers, he said that they could do a lot towards making the funeral a nice one, and that the first thing about an undertaker must be that he must be a gentlemanly one, and so make things easier in the home where the funeral is to be.

## KERMESSE TWO NIGHTS MORE

The big Kermesse, which opened so successfully Monday night, will be continued tonight and Thursday night. In the "Theatre on the Trail" tonight, Madame Gagner sings, Mr. Harry Williams will give some very amusing sketches, Mr. Nash plays a violin solo, and Mr. Lamonde and others will also take part in the programme.

Tomorrow Mr. and Mrs. Yule will appear in a most diverting sketch, and Mr. McGregor will again captivate his audience with Harry Lauder songs. All the other attractions will be continued.

On Monday night 600 passed the gate. Last night in spite of the chilly weather and an accident to the lights, 400 were present. Tonight there will be plenty of light and a large crowd is expected.

It isn't difficult to please people who know what they want.

## Personal

Mr. Howard Douglas, Dominion Park Commission is a guest at the Alberta Hotel.

Miss H. Weir of the Y.W.C.A., who has been spending some time at Red Deer, returned to the city yesterday.

Mr. Geo. Stephens, of Winnipeg, general freight agent of the Canadian Northern is a visitor in the city.

Rev. Dr. Biggar, of Chatham, Ont., is spending a few days in the city the guest of R. B. Walt, First Street, on his way through to the west.

Mr. Lucien Dube, of the firm of Dube and Madore, returned this morning from Winnipeg, where he has been spending the last few weeks.

The condition of Mr. John Fielder, Poplar Lake, Inspector of Public Works, is improved, and he is expected to be convalescent in a few days.

Stephen Solder, editor of the new Regina monthly, "The Trail," arrived in the city yesterday, having accomplished the journey from Regina by automobile. He is a guest at the King Edward.

Inspector Raven of the R.N.W.P., who has been stationed at Wolf Creek, has returned to the city. Inspector Raven has been relieving Inspector Tucker, who will now resume his post.

St. George Jellett, the well-known Edmonton insurance man, had the misfortune to have his arm broken in Toronto, being now laid up in that city. He jumped from a moving street car and fell.

Joseph Toky, an Indian from the Stoney Plain Reserve, was sentenced to 30 days at Fort Saskatchewan, yesterday for drunkenness, at the municipal police barracks.

Leonard Greenberg and Bryson Winters were committed for trial on a charge of stealing \$50 from Jefferson Lane, a restaurant keeper at Wetskiwin.

Western Canada will be visited about the middle of August by a distinguished party of American agricultural editors, among whom will be Professor A. W. Fulton, of Springfield, O., editor of the American Agriculturist and Farm and Home; Dr. C. D. Stone, of Fort Dodge, Iowa, managing editor of Farm Life; A. W. Farmer, Prof. E. E. Paville, editor of Successful Farming; E. H. Brown, Augusta, Me., editor of American Farm World; and Mr. Vernon Noelle Burns, magazine writer and Sunday editor of the Chicago Inter-Ocean.

Ald. Mond, who was called away suddenly to Victoria, B.C., owing to the death there of his little daughter, Norma, will arrive in Edmonton to-day with the body. The funeral will take place on Thursday from his residence on Fourth Street. Owing to the illness of her other daughter, Ivy, Mrs. Mond was unable to accompany her husband, but will return as soon as the condition of the little one permits. Ald. and Mrs. Mond have the sincere sympathy of their many friends in their sad bereavement.

## PLUMBING

Before Letting Your Plumbing Phone 4136 JAMES M. MURPHY, Plumber and Sanitary Engineer.

## The Day in Strathcona

To-day the Money by-laws of the City of Strathcona are being voted upon and it is expected that the voting will be in favor of them.

Up till two o'clock the number of voters was small, but the opinion of those who have been watching the polls is that there will be a big vote in favor of all the by-laws.

The total amount to be voted is \$119,061.51, and ten separate laws are being put before the people. There has been no opposition to any extent manifested against any of the measures, the most important of which is \$38,000 for the Mill Creek Bridge, which will give easy access to the city from the east, and which is badly needed.

The large meter to be installed in the water main at the Strathcona power house has arrived from the manufacturers. This meter will enable the heads of the water and electric light departments to ascertain the exact cost of their output. At present it is impossible to gain exact knowledge as to how much water is pumped at the city station or how much is used by the water works and how much by the electric light department. The new meter will separate the water power of the two departments.

Returning home after taking some cattle to a pasture near McKernan Lake in company with a son of A. McLean, Bert Crawford's horse slipped and fell, catching the boy's ankle beneath its shoulder and fracturing the bone. Wainwright's ambulance was called and the boy was taken home, where the injury was attended to.

The telephone department in Strathcona will shortly prepare a new city directory and it is imperative that all subscribers should notify the exchange of any change of address so that it may be included in the new publication.

Quick service is what people want in the drug stores these days. They can get it at the Edmonton Drug Co.
